INTRODUCTION

Bishnumati Aawashiya Secondary School was established in the year 2048 B.S. and its +2 program has started from 2062 B.S. for the purpose of imparting quality education. More than three decades of BST is devoted to cater the education by visualizing every student with their dire possibilities of doing innovation in the life ahead. BST provides unparalleled education. May it be in school level, may it be in different disciplines of +2 or may it be in bachelor level, we strive for excellence.

In the 30 years of the school's establishment, we have achieved the marvelous results both in academic as well as extra-curricular activities. We believe that education is a road to march for the competency of the learners where they can find themselves in the comfortable zone to learn even in any sort of complexities. So, it is to empower them. It is our attempt to travel in the new course of practicality, creativity and productivity.

We believe in valuing children from multiple aspects. The tasks, we perform in volume, less matters than that of the task we strive for the value. So, we pursue the value in the every deeds either that is in the classroom or beyond the classroom. Either that is in personal life or professional, the value is counted precious ever.

OUR COMMITMENT

Our Valued Parents, Students and Well-wishers,

It is our extreme delight to congratulate and thank you for your wonderful selection to BST as an educational hub to continue your higher study. We nurture every students with the perspective of perfect potentialities to be developed so that they can march a marvelous journey in the life.

We are determined to excel your children by providing the education needed in the 21st Century so that they could compete in the global market of competition. We reassure you that your ward's destiny is carved by such an architect of college that they will be guided to be a complete man to be fitted in every fields. We are not only educating a student at BST but also preparing them as a global student. The college is highly devoted to give the value-based education than that of volume-based.

At last but not the least, we cordially invite our esteemed parents, students and well-wishers for your valued visit at the college. BST is always there to answer your every queries. Anticipating for welcoming you all.

Message from Chairman

Prof. Krishna Kanta Parajuli, PhD

Dear Valued Parents, Students and Well-wishers,

It's my esteemed pleasure to express my sincere gratitude to all the guardians, students and well-wishers for your precious support and guidance to excel BST where it has reached it's new height of success. I strongly believe that the height and rise of BST is due to the great moral and constructive support of valued guardians, supporting staff and creative studnets. The brilliant, brighter and better academic journey of BST is only paved via cordial ownership of all the stakeholders and well-wishers. BST College and Bishnumati Aawashiya Secondary School is the cornerstone in the field of education in imparting quality education to young minds in this locality.

The school was established in the year 2048 B.S. and it's +2 program has started from 2062 B.S. for the purpose of providing education that is embedded with global ethos and values. More than three decades of BST are devoted to cater the education by visualizing every child with their dire possibilities of doing innovation in their life ahead. As we adopt and follow the education system of ethics, morality and integrity to provide unparalled education to students as we believe "Keeping Child in Centre".

In the 30 years of the school's establishment, we have achieved the marvelous results both in academic as well as extra-curricular activities by only keeping the children in outmost priority. We do not believe only in educating the children about the textbooks, we rather believe in facilitating them from the multiple aspects of life. We possess the doctrine of growing and going together despite how perilious the journey is. The tasks, we perform in volume less matter than that of the tasks we strive for the value. So, we pursue the value in the every deeds either that is in the classroom or beyond the classroom, either that is in personal or professional life. The value is counted precious ever. I hope BST has maintained and will pursue this journey ever and ever.

Message from Principal

Mr. Debendra Prasad Hadakhale

Dear Valued Parents, Students and Well-wishers,

It is my extreme delight to express the message of warm wishes from the desk of Principal that BST College and Bishnumati Aawashiya Secondary School has catered it's entire dedication, devotion and determination in providing the education that is required in the 21st Century. Education is a creative journey which is not achieved in a single attempt. The consistent and constant trial and efforts of the young brain gives the new height to fly. This is the matter of extreme delight that BST has dappled the way of tavelling the journey of three decades. It's crux, of course; is to paint the beautiful imagination of our children which are of course about their significant experience, their zest and zeal of life. It is to record the beautiful sketch of the young minds and their reflective perspective about life and learning. Moreover, it is to anecdote the achievements got by the students in the different mode of learning throughout the year. Likewise, it is to connect our young learners with the project best and creative education system adopted by school.

As BST always observes the students with the potentiality of learning in positive school culture. Students can do amazing if they are guided in proper way but they should be guided at home eventually alike the raw soil is shaped into the form of pot as they are quite sensitive to tackle with any innovative issues in their own way which they are innate from their birth. So, truly saying, school is the place to shape their scattered ideas into proper shape and size so that they can prepare the significant journey of their life in their own way they desire to march ahead into. It is very crucial moment that the school has achieved the majestic height of the academic, extra activities and curricular activities in the consistent help of parents, students and finally of course teaching and non-teaching faculties of the school.

At last but the least, it's my immense pleasure to express my special thanks to all the helping hands for being the valued collaborator of this qualitative journey of BST beyond the borders.

What is the reason behind opting BST?

At BST, It is provided qualitative education which is compatible to be adopted in the competitive world of 21st century. For the holistic development of children, the dedicated, determined and devoted academic team is always ready to shape the future of the children inside the school premises or beyond of it.

Among the numerous schools/colleges of the city, BST creates very amicable environment of catering the practical and project based education where every ward is treated equally with the doctrine of care, share and grow together.
